Technical Skills	Java, HTML, CSS / TAILWIND, JavaScript, Python, React, Django, Spring Boot, Firebase

PROJECTS

Barangay Management System *React, MUI, Nodejs, JavaScript, Firebase, Semaphore API*   https://github.com/Neo-Cicada/Thesis-Barangay-Management-System

Led the design and implementation of a comprehensive Barangay Management System, employing React, Material-UI, Firebase, and Node.js technologies to facilitate efficient communication and request management between administrators and users.

Bookish Boulevard *Java, React, Tailwind, JavaScript, TypeScript, Spring Boot, SQL*   https://github.com/Neo-Cicada/Bookish-Boulevard

Bookish Boulevard is an innovative online bookshop that aims to provide a seamless and enjoyable experience for both administrators and users. Built with a modern tech stack including React, Tailwind CSS, JavaScript, TypeScript, Spring Boot, and SQL, the platform combines functionality with a visually appealing interface.

LEADERSHIP EXPERIENCE

Computer Science Representative, Student Council | Phinma University of Pangasinan College Urdaneta,| 2022 - 2023

Actively participated in the student council, contributing to the planning and execution of various school events and initiatives. Collaborated with fellow council members to address student concerns and implement positive changes within the school community. Represented the student body in meetings with school administrators, providing a student perspective on important issues. Organized and participated in community service projects, fostering a sense of responsibility and civic engagement among students. Demonstrated strong teamwork, communication, and problem-solving skills in a leadership role.
